International Traveler's Advisory and Alerts Service

We have been providing International Travel Advisory services to North American travel industry professionals since 1988. Today, more than ever, our travel risk management information is a fundamental aspect of travel providers liability protection as well as addressing corporate Duty of Care Responsibilities. In reviewing our suite of products, you will see how our services contribute to travel professional's success by increasing the value proposition in your service offerings.

www.eTravelAdvisories.com

Our proven products excel in preparing travelers before departure and keeping them informed while they travel, as we constantly monitor and communicate events and situations that could affect traveler itineraries or safety.

"...have long replaced Timatic as the source for visa/passport information at Vision2000 Travel Group...B.Robertson COO

Our Customers

Today, e-Travel Advisories are used by over 6,000 frontline agents in retail chains and independent agencies throughout North America. Our Customers are happy to know that we are the original online B2B international travel intelligence service provider in the industry. Our goal is to become the pre-eminent supplier of real-time travel advisory information for travel agents and travel management professionals worldwide.

e-TravelAdvisories.com is excited about providing you with new and innovative enhancements to our website and look forward to continuing to provide outstanding customer service, and destination information to meet the changing demands of our evolving industry.

TOM KAY

Director of Sales, GDSX North America

"GDSX is a proud supporter of e-Travel Advisories. The team at e-Travel Technologies do a great job of providing valuable content that translates into safety for our customers who utilize their travel risk management information services."

M. ORREGO

President of Cornerstone Information Systems

"We are pleased to work with industry leaders such as e-Travel Technologies to provide such an important link in the safety of the traveling public."

C. CLARKE

Vice President, Point of Sale Marketing, Sabre Travel Network

"A global world requires that we keep our agency partners and their traveling customers keenly aware of events that could impact traveler safety and convenience. e-Travel Advisories provide an easy other way for our agencies to access this important information from their MySabre desktop."

B. ROBERTSON

Chief Operating Officer, Vision2000 Travel Group

"e-Travel Advisories have long since replaced Timatic as the source for visa and passport requirements at Vision2000. The proven combination of travel risk management Alerts and personalized Traveler Advisories helps us drive significant value to our clients."

F. DENNIS

President and CEO, UNIGLOBE Travel Inc.

"Partnering with e-Travel Advisories is an important step in adding value as we continue to increase the quality and benefits of our services to our members."

JOHN CRAWFORD

CEO Total Travel Consulting

"We are delighted to add e-Travel Advisories as a feature within AutoAgent as it gives smaller agencies the ability to provide their clients with state-of-the-art technology for QC/Fulfillment and Advisories at a controllable price."

S. JOSEPH

Director, Travel Product Development, Amex Travel

"The user-friendly, concise and current travel advisories have enhanced our service since 1992"

L. GARDINER

Vice President, Carlson Wagonlit Travel

"We have been subscribing to the product since 1996 and have found it to be of excellent value. My staff uses it frequently- not only for client advisories but also for the up to date information it provides on crisis issues throughout the world. I highly recommend this product."

A. HEALEY

Sears Travel

"We have been using the Advisory service in over 100 stores since 1989. It's such a great tool!"
